I will say, then, that having been one of the earliest advocates of a Canadian Transcontinental Railway, I shall, if elected, consider it to be my paramount duty in view of making it a grand national success, to insist that the Terninus shall be at Esquimalt, and that the line shall traverse the entire outh-Eastern Coast of the Island from Johnson Straits

GENTLEMEN.—Your requisition soliciting me to become a candidate for the Local Legislature of the Province of British Columbia is now before me, and it affords me great pleasure to accept the honor you wish to confer on me. If elected I will exert my best endeavors to represent your interests faithfully in the House.

My Principles are, Free Education, Assisted Immigration, the Canadian Tariff, Public Improvements and a desire to get the Canadian Pacific Railrond extended to Victoria and Esquimalt, together with a hearty support of all measures calculated to promote the wellbeing of the nation.

he nation.

Thanking you for your expressions of confidence in me.

I have the honor to remain gentiemen,

ELLOW ELECTORS, in deference to the wishes of many influential gentlemen, composing our body politic, I offer my services as one of your refesentatives, in the coming session of the Local Legislaure.

presentatives, in the coming session of the Local Legislaturs.

I consider it would be superfluous to parade before an intelligent constituency a long array of glowing promises, and if elected, I would only claim the post's privilege, that is, to speak what you think.

My views are much in unison with yours, when I say that I am in favor of the immediate adoption of the Canadian Tariff; amendment of the Civil List Act, to embrace only Heads of Departments; a liberal and non sectarian School system maintained directly from the Provincial exchequer; large appropriations for roads and bridges, and other works of public utility throughout the Province.

The question of a Graving Dock in Esquimalt harbor is a necessity to our present and future wants, and highly practicable, and I will urge its claims in the House at the proper moment. A tax on wild lands, and free grants to bona fide settlers I would support. An extension of the franchise to all British subjects, and ballot voting, are reforms which I would also support.

I would only add, that the best interests of the Province, and especially of the district which I hope to have the honor to represent, will always be to me objects of my carnest solicitude.

Not one person from the Mayor to the messenger has it been able to point out as having knowingly and deliberately done a wrong,—nor taken a cent from the civic treasury except in accordance with estatute law and civic ordinances. Not one member of the City Council has it boldly proclaimed our inalienable right to Mayor and Council we are com-pelled to say that they have done their duty bonestly and faithfully, and without fear, favor, or affection. More than that they, one and all, deserve well of their fellow-citizens. We will say more, they deserve to be re-elected for another term at the ensuing election. If one will turn his eyes in any direction within the city limits, he will see streets newly graded and gravelled, and others repaired, and our thoroughfares made passable; and all done at the lowest expense possi ble, and with due regard to the taxpayer's interest. The sanitary condition of the city has also been watchfully attended to by our City Fathers. The civic contri-butions to the Fire Department has also been collected regularly and paid over. Now, what more does any one want? The City Council has already spent on streets somewhere about \$5000 this year. They have, within the same period, paid off liabilities of former years to about \$1,500, and to the Fire Department nearly an equal amount,-besides the salaries of civic officers, and con-tingencies amounting for the year to about \$2,000. We don't know the exact amount of civic expenditure for the current year, yet we have given a sufficiently correct statement, though only approxi-mate, to show that the Council has been expending the civic funds in accordance with the views and interests of our citizens one and all. The total estimated civic revenue for 1871 is only about \$11,000, yet nearly the whole has been expended in necessary undertakings and current expenditure. Instead of the Civic Council attempting in any way to hide its affairs or act corruptly, it has instituted the most searching investigation into the past transactions of former Councils, bringing the examination of the financial affairs of the Corporation down to the present, through the assistance of Mr. Holmes, the old and experienced Assistant Auditor of the Province. This audit, too, was instituted not by outside pressure, but to make up for the deficiencies in former annual audits, and to protect the interests of the city from loss, either through error or corruption. We repeat that we think that the present Mayor and Councillors, as well as all the salaried officers, have acted honorably and faithfully, and deserve to be sustained whilst the reckless and unscrupulous slanderer should be frowned down. If to gratify its malicious political spite against one or two of the City Councillors, our local cotemporary maligns the whole body, and makes citizens believe that they are being cheated, it deserves to be censured. The public owe a heavy debt to newspapers that carefully watch, report, and criticise the doings of public bodies; but neither this community nor any other can do otherwise than condemn our cotemporary for its wholesale libels on the City Corporation. If we know anything of the opinion of the city, there is not a single respectable citizen who believes that the Mayor, Councilors, and other civic authorities have in tentionally done wrong. Their errors, if any, were of the head, and not of the heart,—one of which we consider to be the attempt to The Officers' Amateur Dramatic prosecute our libel-making cotemporary, instead of denying its charges, and thus

treating its utterances with contempt.

A leading article that appeared in the Colonist yesterday headed "Retrospective." directed against the last Assembly of Vancouver Island, is the most villainous libel on a legislative body that we ever read. It is one tissue of lies from beginning to end. None but one with the heart of a scoundrel and the audacity of the devil could ever have pen ned and have had printed such an infamons libel. None but one utterly bereft of all moral principle—a literary assassin—could have conceived such a fiction and uttered it as a fact. None but one blasted in hope, damned in his own estimation, and writhing in despair, could have ever dared to brand with infamy men who, - whatever as men might bave been their faults, -battled for the rights of the people without pay and served them without corruption. None but one who has some wicked political purpose to serve at the coming elections,—some personal object to gain,—could be found to-day libelling the dead and the living, the "latchet of whose shoes he is unworthy to unloose." Of the fifteen gentlemen who constitut the As-sembly, not one drew a dollar of salary from the public treasury, except Mr. Pidwell, the father-in-law of the proprie-

The City Corporation.

After all the unscrupulous and slanderous utterances of our local cotempoary against the Mayor and City Councillors, the subordinate officers, and did not effect, was owing to an Oblors, the subordinate officers, and and did not effect, was owing to an Obone member of the City Council has it dared to mention by name who has benefitted to the value of a dime at the expense of city taxpayers. Not one Councillor has it dared to mention by name as having acted corruptly. Neither has it named more than one Councillor who has acted corruptly. It has, however, made attacks on the Mayor and Councillors that we are happy to say are author of "Retrospective" and finds himthat we are happy to say are wholly unfounded. So far as we are able to judge of the conduct of the present his will, that the villainons libel was pub-
